

## Whiffer Sniffers: Fun Collectible For Kids

Like most children, all four of my kids LOVE to collect. It came as no shock to me that as soon as I surprised my crew with what Time to Play Magazine voted the “Most Wanted Collectible” -they were already thinking about which piece they wanted next!

Meet Whiffer Sniffers – the adorable and deliciously scented plush collectibles for kids! These sweet little scented friends are designed to hang on your child’s backpack – and will soon be the envy of every kid at school! My kids couldn’t wait to clip these onto their backpacks- and they can’t get enough of the way they smell. The scents are spot-on and so much fun.

Each of my kids immediately fell in love with one of the Regular Series 4 Clips we received. We got Howie Rolls the Cinnamon Roll, Izzy Sodalicious the Grape Soda, Sour Saul the Green Apple and Jay Bean the Jellybean. They’re so cute! Even though we homeschool, the kids love sporting these on our field trips or park outings – and can’t wait to have them in the car on our next road trip.

If you see a character you like – get it fast! Whiffer Sniffers frequently retire and can sell out quickly! Some items are limited editions and others are super-rare – adding to the collecting fun!

One thing my kids all love are “blind bags” or “mystery toys.” There’s just something about not knowing just what you’ll get – and the anticipation of opening that surprise box. Whiffer Sniffers understands the popularity of a good mystery, and offers Mystery Packs! (When these become available – grab them as they sell out quickly!)

I was SO excited to open up my Mystery Pack! We received Mystery Pack #8 from the current Series 4.

Who would be inside waiting for me???

I found Maci Macaron- a rare collectible! This little sweetie is a blueberry scented macaron cookie – and she smells AMAZING!(And she is MINE! I am so not sharing her!)
