

## Whiffer Sniffers Backpack Clips

My daughter is completely obsessed with Whiffer Sniffer Clips. Whiffer Sniffers are adorable scented collectible plush characters. There are over 14 Whiffer Sniffers characters currently available, and my daughter is determined to collect them all! We received a [Jay Bean](#) clip, an [Izzy Sodalicious](#) clip, a [Howie Rolls](#) clip, a [Sour Saul](#) clip, and a [Mystery Pack](#) clip. We also received a Spring 2017 collector's book so that we could keep track of the Whiffer Sniffers we currently own, and the Whiffer Sniffers we still need to collect. Of course the first thing my daughter did was open her mystery pack Whiffer Sniffer. In her mystery pack was Maci Macaroon! Maci Macaroon is a blueberry vanilla scented clip. Her profile says that she loves to cook pastries and spends her time researching new recipes. After opening her first Whiffer Sniffer, Kinsley was beyond excited to rip open the other four clips. Jay Bean is a jellybean scented clip that wears every color on his sweatpants and shirt sleeves because he loves to be seen!

Izzy Sodalicious is a grape soda scented clip who is known to laugh so hard that he sometimes blows his top! Howie Rolls is a cinnamon roll scented clip that is always on beat! He is known to be the town's favorite Whiffer Sniffer! Sour Saul is a green apple scented clip who tends to be the life of the party. He is always quick with his wit and on his feet! I thought it was adorable that each Whiffer Sniffer had their own story. My daughter really enjoyed reading their bios and sharing them with her friends. Each Whiffer Sniffer is guaranteed to hold its scent for at least one year, so I know Kinsley can continue to enjoy these cute little plush sweeties. I found that the scents were not too overpowering, however they were definitely noticeable after removing them from their boxes. These clips are also Consumer Product Safety Commission

approved, which means I don't have to worry about the scent or any of the pieces harming my daughter. These Whiffer Sniffers backpack clips are too cute for words! I can't wait to help Kinsley collect them all!
