TOY JUDGES APPLAUD MOONLITE FOR TRANSFORMING *READ ME A STORY INTO BRINGING THE STORY TO LIFE*

Spring Brings High Honors From The National Parenting Center & Mom's Choice Awards To Moonlite's Magical Library of Disney & Pixar Giftpacks

St. Louis, MO (July 5, 2022) – “If you are in the market for something new to introduce to your child’s bedtime routine,” reveals the rosy review by toy industry leader *The National Parenting Center*, “then be sure to grab a Moonlite Gift Pack or two!” Their Spring 2022 *Seal of Approval* was one of two toy industry honors for **Moonlite** (\$45 Gift Packs at mymoonlite.com) this month.

The storytelling gadget full of cute projections, sound effects and read-a-long features also won a *Gold Seal* from *Mom's Choice Awards*. Always in search of products that are inspirational and uplifting, Mom's Choice highlighted their Spring 2022 review with Moonlite's latest offerings. “New for 2022 are three exciting Gift Packs – Disney Classics, Disney Modern Classics and Pixar – that project from your smartphone onto a wall or ceiling. Dim the lights, cuddle in bed and tell a tale with vivid projections, sound effects and background music.”

The National Parenting Center gushed about Moonlite’s possibilities. “If you are looking for something to make bedtime a little easier for your younger children, you’ve come to the right review.” Judges then continued in how-to detail, “Step one is downloading and setting up the accompanying app, which is a breeze with clear and direct instructions. Next up, you’ll set up an account, again quick and easy, as the app is intuitive and user-friendly.”

“Time for the magic. The app is connected to your mobile device’s flashlight, so it will automatically turn on your flashlight when you are ready to read. This is a nice touch and shows a bullseye on the screen to help you align the projector, so you don’t have to stare into the flashlight to line it up. The app does a great job of helping you connect the text you are reading to the images being projected onto the wall, as it shows you which slide you should be on at any given moment. It also allows you to choose between a few music tracks for a nice accompanying soundtrack.”

“And lastly, the app gives you the ability to share the books from your set with up to three other accounts so they too can have access to the pack. This is a must for households with multiple adults reading to the children. As far as the image quality, the projecting device works well and does a wonderful job of bringing the story to life. The images appear sharp and colorful and don’t require complete darkness to be seen.”

Moonlite works with most mobile devices on both Android and iOS platforms. In stock and ready for a magical bedtime ritual are the latest award-winning gift packs in Moonlite’s library:

Gift Pack - Disney Modern Classics: Relive the inspirational adventures of the young heroines of *Raya*, *Frozen*, *Moana*, *Lilo & Stitch* and *Little Mermaid* in an abridged format while tucked in bed.

Gift Pack – Disney Classics: Introduce grandparent and parent favorites like *101 Dalmatians*, *Dumbo*, *Pinocchio*, *Bambi* and *Snow White* to the newest kids in the family.

Gift Pack – Pixar: Relish the big screen adventures of *Monsters, Inc.*, *Incredibles*, *Toy Story*, *Onward* and *Cars* in a condensed bedtime story version.
